

# BRCA 1/10th Off-Road National End of Season Finals – 2011

The idea behind the National End of Season Finals is simply to bring together the best drivers at Formula 2 – 5 grades, as decided by their finishing positions in the various Regional competitions taking place throughout the country during the summer months.

## **British Formula 2 Championship**

Ideally, the best 10 drivers from each Region (excluding Formula 1 grade drivers) would compete for the British Formula 2 Championship (F2's), thus deciding the British Formula 2 Champion. This competition is the logical next step on from your Regional competition. If you have been the top F2 in your Region this is the opportunity to go National and try to beat all the other F2 competitors in the country? All entries from F2 drivers for this event will be given placement priority over entries from F3/4/5 drivers as they have their own dedicated event (F345's – see below).

In reality, due to work, education or holiday commitments, we rarely get the 10 best F2 drivers attending from each Region (i.e. the highest finishing F2's in the Regional series) so if you would like to take part, it is strongly recommended, even if you finished well down the Regional standings, that you submit the following Formula 2 entry form to your Regional Rep. You would be surprised the levels of success some Regional Reps. achieve in gaining places for their drivers at these competitions!

## **The Junior Championship**

This is the National competition for our younger drivers and is split into two age groups. These are Under 13 and Under 16 as at 1<sup>st</sup> January of the year of competition.

Traditionally this competition is aimed at the best five U13 and U16 drivers, of any formula grade, from each Region as decided by finishing places in the Regional competition. In reality, numbers in recent years have fallen so we now attempt to accommodate all U13 and U16 drivers wishing to take part in the competition to decide who will become the British Junior Champion in each age group.

To enter please complete the Formula 2 entry form (ticking the Junior event boxes) and submit it to your Regional Rep.

## **The Veteran Championship**

This event is open to any driver of any Formula grade who is over forty years of age as at 1<sup>st</sup> January of the year of competition who has taken part in their Regional Championship Series.

Historically, this event started life as very much a fun event. The fun is undoubtedly still there but it is amazing how the "banter" stops when things get close at the front end.

Without doubt this event has grown over the years and the competition to become British Veteran Champion is keener now than it has ever been.

To enter please complete the Formula 2 entry form (ticking the Veteran event boxes) and submit it to your Regional Rep.

## **Formula 3/4/5 Finals**

Similar to the Formula 2 Championship, this competition is open to the best 15 drivers from each Region (excluding Formula 1 and 2 grade drivers) as decided by their Regional series, to compete to become the British Formula 3/4/5 Champion. Again, a logical next step on from your Regional competition, to decide, on a National basis, who are the best drivers at these grades.

Like in the Formula 2 Championship, do not assume that because you finished 19<sup>th</sup> or 29<sup>th</sup> in the Region that you will not get a place at this competition. Submit the following F3/4/5 entry form to your Regional Rep and he will likely be successful on your behalf.

I hope this helps clarify how your Regional competition fits in with the National racing scene and hope to see you racing at the National End of Season Finals later in the year.
